

Independent research on AI contract review: platform costs, ABA ethics guidance, and what the tools actually do. Operated by Digital Signet (UK).

Who reads it

Legal teams don't arrive here browsing. They arrive researching whether AI contract review is defensible - ethics opinions, platform costs, what the tools actually do. That diligence moment is exactly when a contract-AI vendor wants its name on the reference.

Notable: the site ranks position 9.3 on ""robin ai" organisational structure" (1,320 impressions/28d). A founding-sponsor placement sits in front of that intent every day.

Sponsorship

- **One slot, category-exclusive.** One sponsor in the contract-AI category. While you hold the slot, no other contract-review or CLM platform appears.
- A single disclosed strip across the reference - never inside the results, no other advertising on the site.
- Sponsorship has no influence on pricing data, rankings or conclusions; competitors remain in the coverage, computed identically.
- Monthly measured report: placement impressions, clicks, page-level traffic and AI-citation monitoring.
- Current rate and terms: agenticcontractreview.com/sponsorship.

Precedent

- Category-exclusive founding sponsorship is live on our sister site siemcostcalculator.com (Cribl, signed 4 August 2026, reporting monthly). The same structure is available here.
